**§ 82.9 Availability of production allowances in addition to baseline production allowances.**

(a) Every person apportioned baseline production allowances for class I controlled substances under § 82.5 (a) through (f) is also granted Article 5 allowances equal to:

(1) 15 percent of their baseline production allowances for class I, Group II controlled substances listed under § 82.5 for each control period beginning January 1, 1994 until January 1, 2003;

(2) 10 percent of their baseline production allowance listed for class I, Group I, Group III, Group IV, and Group V controlled substances listed under § 82.5 for each control period ending before January 1, 1996;

(3) 15 percent of their baseline production allowances for class I, Group I, Group III, Group IV, and Group V controlled substances listed under § 82.5 for

granted the specified percentage of the baseline production and consumption allowances apportioned to him under §§ 82.5 and 82.6.

each control period beginning January 1, 1996 until January 1, 2006.

(b) Effective January 1, 1995, a person allocated Article 5 allowances may produce class I controlled substances for export to Article 5 countries as under § 82.11 and transfer Article 5 allowances as under § 82.12.

(c) Until January 1, 1996, a company may also increase or decrease its production allowances by trading with another Party to the Protocol according to the provision under this paragraph (c) of this section. A nation listed in appendix C to this subpart (Parties to the Montreal Protocol) must agree either to transfer to the person for the current control period some amount of production that the nation is permitted under the Montreal Protocol or to receive from the person for the current control period some amount of production that the person is permitted under this subpart. If the controlled substance is to be returned to the Party from whom allowances are
